ENTERAL ACCESS MEDICAL DEVICES

CEDIC

The Cedic portfolio offers our partners everything from **single components** and **sub-assembled products** to **innovative enteral access medical devices**. Our entire range is **proudly made in Italy** from **the highest quality raw materials**.

Our design and manufacturing processes ensure impeccable **quality, compliance, and flexibility** to accommodate your specific needs.

5 GRAVITY FEEDING AND EMPTY CONTAINERS

11 FEEDING TUBES AND TUBE-RELATED ACCESSORIES

17 TRANSITION AND OTHER ENTERAL ADAPTERS

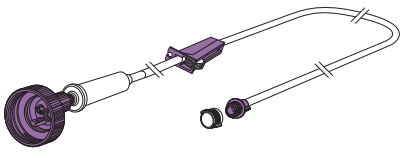

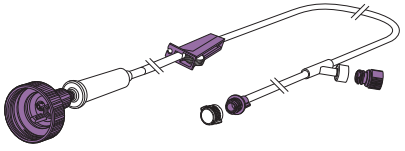

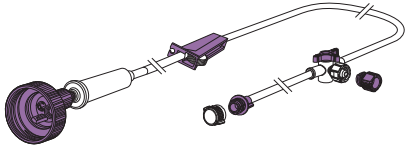

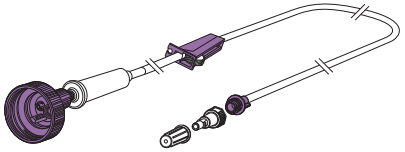

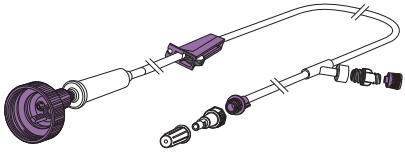

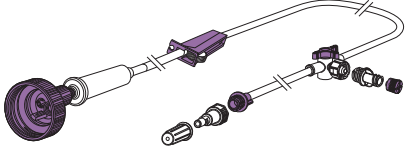

27 COMPONENTS AND SUB-ASSEMBLIES

GRAVITY FEEDING AND EMPTY CONTAINERS

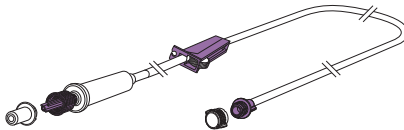

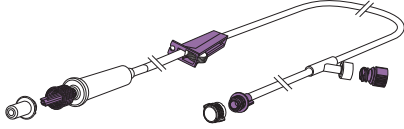

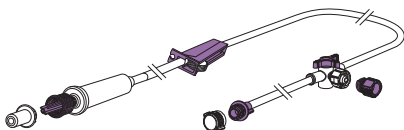

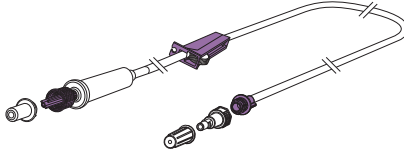

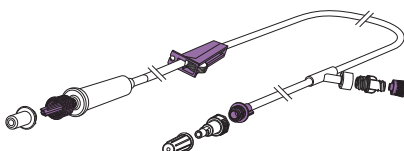

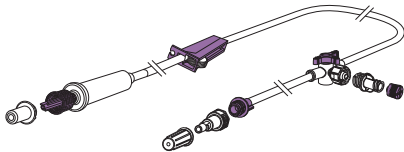

Browse our full range of ready-to-use medical devices, including gravity administration sets and empty containers for both gravity and pump feeding. All our products are made using high-quality materials and robust processes to ensure safe enteral feeding.
